

## **Highway Report**

We have been busy cutting shoulders on Silver Hill, Thurston, Curtis & Spicer Roads. We have also been grading and putting calcium chloride on our dirt roads.

We have been hauling crushed stone from Barrett's & gravel from Wayne French for our dirt roads.

We should be getting a check from Auction's International for about \$25,975.00 from the sale of surplus highway equipment. We also billed the Fire Dept for fuel & gas that was around \$4,000.00. We should also have \$10,000.00 left out of the Shared Service check from the St. Lawrence Highway Dept. That is \$40,000.00 of extra revenue generated by the Highway Dept. this year.

All equipment, fuel & labor was paid out of Highway Funds, and I would like to see that money go back into the Highway Dept so we can continue to upgrade our equipment & keep improving our roads. A pickup truck, black top & gravel are all needed to keep making good improvements.
