

## Highway Report

We have finished cutting shoulders in DeGrasse with a total of 7.2 miles of shoulders cut. We also graded and added gravel and cut ditches where needed. We are starting to cut shoulders on West Rd, Hewlett Rd, and Dutton Rd now. We have been cleaning ditches at Hill Rd and Lazy River Rd also.

We added 6" of gravel we made out of our pit on seasonal McCarthy Rd and it turned out real good. We are back mowing roadsides again as our brush hog has broken down a couple of times this year. I am hoping to have all roadsides mowed for the 1<sup>st</sup> time by the end of next week.

I would like to thank the men for another safe and productive month.

Highway Superintendent  
Richard Meilleur
